VICTORY THIS YEAR,
ROY SANDERSON SAYS

"I'd like to take this opportunity
to express my appreciation for the
cigarettes I received from the Veter-
ans' Association today," writes
Pte. Roy Sanderson in a letter of
appreciation to the Newmarket
Veterans' Soldiers' Comforts fund.

"We are all hoping for victory this
year and I don't think we'll be the
least bit disappointed."

Nazi Occupation Tough
Arthur Cox Finds

"Just a few lines in appreciation
of your kind gift of cigarettes
which I received a few days ago," reads
a letter to the Newmarket Veterans' Association from L-Cpl.
Arthur Cox.

"It is really swell to
feel that the people back home still
think of us over here and also a
treat to have Canadian cigarettes
to smoke. It is a grand job you
people are doing and I can safely
say that the boys from Newmarket
stand second to none in the amount
of things they receive from various
organizations such as yours."

"By the way things have been
going over here, and on all the
fronts, I imagine you will soon be
receiving all our thanks personally
and I am sure you will receive a
great many of them."

"Even the fact that Paris fell so
soon and Rumania capitulated makes
one wonder if we won't wake up one of these mornings and
find out it is all over but the cheering.
The people in this part of
France are very friendly and want
to shake hands with everyone they
see. According to some of them it
was pretty bad under German rule,
especially near the end of the German
occupation of this sector."

Morton, 23, has been seriously
wounded by shrapnel fragments
and has compound fractures of
both legs.

Morton. It read: "Just a
short note to reassure you as to
my condition. I am O.K. in the
best of spirits and I shall write
you myself as soon as possible.
My wound is not too serious and I
might even be home sooner than I
expected. So don't forget to
get the apple pie ready."

The same day they received a
letter from their elder son, Spr.
Milton Morton, who is also serving
in Italy. The brothers are
in the same regiment. He told
his parents that a German shell
landed close to where some of
the Canadian troops were eating
their breakfast. A number of
the boys were killed and Spr.
Wallace Morton was among
those wounded. "A couple of
months in the hospital should
see him fit as ever again. His
wounds are serious but not
fatal," read the letter in part.

Spr. Wallace Morton enlisted
in June, 1941, and went over-

HOLD "OPEN NIGHT" AT
SCHOOLS ON TUESDAY

The Home and School Associa-

to come and meet the teachers
and see their children's class-

SCHOOL BOARD
AWARD GIVEN
TO A. ROWLAND

Winning the Public School Board
scholarship for proficiency came as
a complete surprise to Audrey Row-
land, Prospect Ave., Newmarket,
when the presentation was made
last night at a banquet tendered
last year's entrance class by the
Home and School Association.

Audrey attended Alexander Muir
school throughout her public school
career. She is the 14-year-old
daughter of Lt.-Sgt. and Mrs. Aubrey
Rowland.

Presenting the scholarship of ten
silver dollars, Mrs. J. C. R. Ed-
wards, chairman of the public
school board, said "it is hoped that
from time to time other scholar-
ships will be added." It is the sec-
ond year the scholarship has been
awarded. Commented Home and
School president, Mrs. Herman Gil-
roy, "there was nothing like that
when I went to school."

The well-rounded program began
with Mrs. M. B. Seldon leading the
gathering in a hearty sing-song.

Principal H. A. Jackson of the
King George school addressed the
graduating class and Margaret
Smith replied and thanked the
Home and School association for
the interest taken in the pupils.

A piano solo was rendered by Eileen
Jackson. Principal F. L. Hall spoke
to the graduates and Mrs. A. H.
Woods addressed the thanks of the
mothers to the Home and School
association. A guitar solo was given
by Stanley Winger.

Mr. Jackson told the graduates
that "unless you assume your
responsibilities, there can be no dem-
ocracy. It will soon be up to you.
You should keep and develop
community service and keep and develop
interest in international affairs."

The most obvious task ahead of
you is to make a living. But there
is only one way to learn citizenship
and that is to work in organizations
in which people work for something
other than themselves. Your education
is unfinished unless you acquire a
vision of greatness."

TOWN ARENA IS WORTHWHILE

If financial success is the only criterion of the value of a municipal rink, then the proposal to purchase Newmarket arena will be vetoed. To many, it is a simple matter of fact. Private enterprise couldn't make the rink profit; ergo, neither can municipal management.

Profit and loss are only secondary considerations in the purchase of the Newmarket rink. The question before the voters is not whether the rink will pay but whether a municipal arena will benefit the community.

The advantages of a municipal rink are self evident. As a means of fostering community spirit, as a source of community entertainment, as a place of recreation for children and adults, a community rink will be of incalculable value. Community sports, with emphasis on physical development, will be given an impulse long needed.

The purchase price of the arena is \$17,000 payable over a period of eight years. In terms of present values, it will mean at the most, the ad-

25 YEARS AGO

From The Era and Express files, Sept. 19, 1919.

If the weeds were cut and a little paint used around the place, perhaps it would look a little better to visitors in town.

There was a heavy white frost yesterday morning.

E. Zurbigg, who has been in business in Newmarket for the past 12 years, has decided to locate in Wingham, in the vicinity of his own home.

The cement work on the Gorham St. bridge is nearing completion, but the contractor is bothered by boys who deface the cement before it becomes hard. Evidently some of them think that it is the only way

they can be assured that their names will not be forgotten.

W. Mulock, M.P., was in town last week.

The heaviest thunder storm of the season passed over this section on Thursday night, affecting the nerves of many people.

There was a splendid all-round market last Saturday. Butter started at 18 cents a pound and went up to 23 cents. Eggs were firm at ten cents and 11 cents.

Work was commenced on a cedar-block crossing near the post office on Wednesday but the rain delayed progress.

It was pretty dark on Wednesday evening and as D. H. B. Phillips was driving to town on Huron St., his horse became frightened at a man riding a bicycle. It resulted in the buggy being upset and Mr. Phillips was badly bruised, but he held on to the lines. A spoke broken in one of the wheels was the only damage done, consequently the preacher got off luckily.

Mount Albert—A young man coming from the north on Thursday night, carrying a pitch fork, said the lightning struck it and knocked it out of his hand. When he came to his senses he was in the cemetery with his arm around a headstone.

The Third Twelves of Aurora and Newmarket had a lacrosse match on the fair grounds last Saturday, which resulted in a whitewash for the visitors.

During a rush of work in the office on Monday, Walter Jackson, second son of the editor, got his right hand caught in a small press while printing some cards. As the press was running slowly it was stopped in time to save the bones from being broken.

THE COMMON ROUND

By ISABEL INGLIS COVILLE

HURRY-UP TIME

It always seems to me that into education—also in their care, for September and October one has to crowd a multitude of things which must not be left till later and can not be done earlier. The birds lead the way. In flocks they are setting on the threshed grain fields and as they rise, chattering, to rest on trees or at our pool or bird bath one sees they are growing fat and sleek and ready for their long pilgrimages or to face the rigors of our northern winter.

The squirrels are filling up their granaries and chatter and throw things at the kittens that play a round below. We have three kittens which will soon be going to other homes but which are still being given lessons in deportment by their mother—one, a large, very determined Persian named Churchill, and two smaller but very lively kittens named Puff and Muff.

Tiger, just developing into young adulthood, is taking a hand in their

SPEECH CORRECTION

The following report was heard at the opening meeting of the Lions club.

By MRS. DOROTHY BOWMAN

Following the decision last September to sponsor this work (speech correction), the Lions club has been instrumental in securing the cooperation of various elements in the community. Two notable results of this cooperation have been the splendid publicity in The Newmarket Era and Express and the kind interest shown by Principal H. A. Jackson of the Newmarket public schools and his staff. Then, too, the club secured further publicity in the Lions News and brought this speech work to the attention of the Ontario Department of Education.

Thirty-five children with speech defects included: six stutters; one pre-school, five in school, all of Newmarket; three deaf children; two pre-school of Aurora, one in deaf school from Newmarket; two hypo-thyroid; school age, unable to attend, one Aurora, one Newmarket; two reproductive aphasics; school age and unable to attend, one Niagara district, one Victoria county; two deaf-blind; one pre-school, Newmarket; one school age and unable to attend, Ottawa district.

One neurotic; school age, unable to attend, Aurora; one blind, pre-school, Newmarket; 13 remaining children: 14 in Newmarket schools, four in York county; three malocclusions; two imitative; two simple substitutions; two very bad lisps; nine with faulty positions for certain elements varying from two to eight in number and averaging five.

Three illustrations of the work done:

Case one is that of a nine-year-old girl who had sat listlessly in the first grade for two years and had been reported "incapable of learning." Her mother had read The Era and Express, the generous report of my speech to you last September, and brought her child to me as a last resort. In three months time with half hour daily lessons, this child, who had retired within herself because she couldn't make herself understand, took a new interest in living, was able to talk intelligibly and was reading aloud in class. The thanks I received from her mother and her teacher would, I am sure, have touched the hearts of every member of the club.

Cases such as this one prove conclusively the importance of early speech correction, preferably before school age, so the progress in school is not impeded because of speech difficulties. We were fortunate to be able to help this girl before she was excluded from school. Six others on my files have been excluded and are now too old and too retarded to have a place in the public school system.

Case two, a cure was affected with a stammerer. This is the case of a teen-age girl whose very sensible mother wanted something done before her daughter developed a complex because of her stammering. I decided to give the girl dramatic lessons without comment regarding the speech defect. In that way the girl was never made conscious of her trouble during lessons. After this girl had received one hour's instruction weekly for two months she ceased to stammer. This girl was, of course, only in the first stages of stammering when she came to me.

The other five cases of stammering on file are in the secondary stage and cannot be easily remedied. I am hoping to organize a group of all stammerers in this vicinity before next fall, believing the group method more satisfactory in cases of stammering.

Case three is the case of a seven-year-old boy with minor speech defects who was becoming a disciplinary problem as a direct result. After his mother understood how to correct his speech and helped him form new and good speech habits the former emotional conflict disappeared and the disciplinary problems vanished.

This case is typical of many in which the parents are only too grateful to be shown how to help their child.

These three cases must suffice to convince you that this speech work is solid and important work. These cases challenge us and seem to suggest three aims for our future work in Newmarket and throughout the dominion, namely:

1. Develop each child's speech to the extent of his capacities at the earliest possible age.

2. Create a sympathetic understanding of the speech-handicapped individual and thus avoid unnecessary cruelty from innocent children and unkindness and insulting pity from ignorant adults.

3. Promote cooperation between parents and teachers in overcoming the child's speech difficulties and the source of these difficulties.

I have made diagnoses of all cases brought to my attention and teachers in each of the schools have volunteered to continue speech instruction with these children. These teachers are very capable and interested.

During future years I hope to be really settled in Newmarket, carrying on with this speech project, always mindful of the aims previously set forth in this report.

*There Goes
that TELEPHONE!*

COPPER, rubber and other telephone materials continue to flow overseas in military communications equipment as well as in the form of ammunition, weapons, aircraft . . .

During one brief air battle, for example, this fighter plane's guns may spit enough copper to build several miles of telephone line.

War needs both at home and abroad must come first. Extensions to present telephone equipment are strictly limited. Fullest possible use must be made of existing equipment.

To those applicants who have been unable to obtain telephone service, we offer our regrets—and our thanks for their ready understanding of why their requests have had to be denied.

CANADA'S TRANSPORT PIONEERS BUILDED WELL

Canada's wartime transportation job has been phenomenal. Look at the record.

In 1943, as against 1939, car loadings reached 135 million tons—up 58.82%; transit passengers totalled 1,221 million, up 89.59%; busses carried 52 million, an increase of 36.53%; 302,000 people, or 94.83% more, travelled by air.

These figures are the more impressive when the difficulties of wartime operation are recalled. Management and personnel have had to solve innumerable problems, to handle greatly increased traffic with facilities that would ordinarily have been judged inadequate to the task.

Canada's transport pioneers—of rail, highway, water, and air—made these achievements possible. These men of vision and enterprise built, through trackless wilderness, the rails that opened Canada for Canadians. They developed the shipping on Canada's important waterways. They pioneered the Northern Skyways to create the greatest air freight traffic in the world. Thus the impelling urge of free competition built—and built well—the solid foundation of the transportation network on which wartime Canada has moved so much, so fast.

DOWN THE CENTRE

Hon. Earle Rowe, M.P. for Dufferin-Simcoe and well known throughout North York, not only in the political sphere but for his many fine trotting horses which for a good many years he drove at all the district fall fairs, has registered his racing silks with the Ontario Jockey Club and his running horses will likely be seen in action at the Toronto tracks this semester. The colors are wine, with wine-colored sleeves and wine cap.

He has two promising two-year-olds in Dustless Pat and Miss Canada, both of whom he will enter in some of the leading juvenile stakes. His successes in the trotting world were internationally known and his many friends will wish him every success in the new racing venture.

Douglas Pratt, talented young swimmer and basketball player whose home is in Hawaii, will continue his studies this year at Vancouver, B.C. Young Pratt was a student at St. Andrew's College.

Graham Teasdale is again listed

two years ago and last year attended Aurora high school where he was very popular and played fine basketball.

St. Andrew's College opened last week and Mr. Kendall, the athletic director, and his associates feel that the Andreams who, as usual, will play in the Little Big Four will be very strong. Most of last year's team are back and with an increased number of pupils this year one or two useful recruits should turn up. St. Andrew's have not fared very well on the gridiron the past few years but Prep school football generally runs in cycles so perhaps it will be the red and white warriors turn to win. The games generally played on Saturday or Wednesday give the district folk who enjoy rugby a chance to get a free glimpse at Canada's up and coming young players. Invariably from the ranks of the private school teams come some of the best inter-collegiate and O.R.F.U. players.

Wes Perry, Barrie, former pitcher in the Aurora town league when he was employed as an electrician in

as one of the referees and linesmen for the international hockey league. The big Aurora boy, once a minor league star in his own right, is employed with a big aircraft plant in Buffalo and besides whistle-tooting does some coaching jobs in junior and intermediate circles. He expects this season to really blossom forth as an official and his work will not be confined to Buffalo alone.

We note in the N.H.L. Norman Lamport has been relieved of his duties and Bert Hedges, who farms near Charlie Rowntree outside Weston, has been named to the professional big league list of officials. Both men were well and favorably liked for their work in other years with Aurora, Newmarket and Markham clubs.

We understand Kenny Holmeshaw and Pat Patterson, another pair of officials who won the plaudits of district hockey fans for their impartial and efficient refereeing, were both given a chance to work in the professional circuits but turned it down because of their travelling jobs with a well known soda fountain supply house.

Wes Perry, Barrie, former pitcher in the Aurora town league when he was employed as an electrician in

Aurora in 1942, proved that softball pitchers like old soldiers are pretty good for years. Last Thursday he pitched a two-hitter game for Harmony Grill over 13X Bombers from Angus to take the fifth and deciding game in the centre Simcoe circuit. Perry received some good support and his mates hit well and in the pinches he was very strong. Wes pitched with his head and heart as well as his arm.

The Barrie team, while hardly up to pre-war or 1941 standards, presented a powerful line-up, the majority of the players being well known to York county fans. Jack Dyte, the hockey star who will perform for Eddie Shore at Buffalo this winter, handled the catching and made a big target to shoot at. George Miles of Midhurst-Barrie fames was at shortstop with Steve Hines at third. Freddie Norrie was in left field.

Those are the ones you will remember best. Dyte of course is best known for his ice performances. Miles in our opinion has gone back quite a bit but Norrie and Hines are in the evergreen class and played swell ball.

The rest of the team will not be known in these parts very well but two boys from well-known Barrie sporting families bear mention. A colored lad, Herb Thompson, occupied centre field and is a regular specimen. He is a brother of Percy and Archie Thompson, both well-known softballers of other days. Archie was also known for his boxing and umpiring ability and appeared on several cards in Newmarket.

Ab. Bowen of last year's Barrie junior team, headed for Art Ross' Boston Bruins this winter, played right field. Bowen was good in junior company and has drawn a blue ticket from the medical board and has been granted the move by selective service. He should do all right. For years back every Allandale or Barrie team in most sports have boasted a Bowen on their line-up. We don't know how many but best known to you will be Alvin Bowen, goalie of Allandale lacrosse juniors, and Don Bowen, who played for District Depot and Brampton camp last winter.

Stan. Evans, the Newmarket boy, played a grand game in centre pasture for the defeated airmen and he is one of the most popular players in the group. He is exceptionally fast on his feet and makes some daring catches and bats well too. Good sportsmanship characterizes all his play.

Jimmy Nell and Barney Reid, who played hockey for Angus against Newmarket camp two years ago, are useful members of the Bombers and pitching for them is Don McMaster, former Midhurst dandy who is tossing them still with the old oomph.

We understand the Barrie boys figure they should get the Patterson trophy, now held by Richmond Hill, but remember it was a York-Simcoe trophy and there are no York county teams in this league, which indeed goes by its own name. Still a trophy not competed for has not much use except as a mantelpiece ornament.

We presume the league will be revived after the war and the trophy will be available for the teams. Richmond Hill operated a team, now eliminated from the Toronto Wanless senior B series, so perhaps a challenge series could be arranged with Teddy Bennett and company, although it is getting dark early these days and the travelling is to be considered. Charlie Case could probably field a pretty fair team from around Aurora and Newmarket to give the fellows up north a game too.

This week should decide if a series is possible. It would have to be played without delay to conclude in time. Too bad the army ruling re civilian teams is in force as a contest between Harmony Grill and Newmarket would be a natural. The camp of course were members of the old York-Simcoe league.

Newmarket softballers are still in the thick of the mushball wars in the armored corps league but have been eliminated in the M.D. 2 play-downs. After defeating Orillia at home the boys journeyed to North Bay for a Sunday game with (Page 7, Col. 3)

by, and Mrs. Sparling, Schomburg, spent Sunday with Mrs. John Cutting.

Mr. and Mrs. George Smith, Springdale, spent Sunday with her parents, Mr. and Mrs. A. A. Archibald.

The Harvest Home services for second King Baptist church are being held on Sunday, Sept. 24, at 3 p.m. and 7 p.m.

Mr. Ernest Peterman, Bradford, called on Mr. and Mrs. A. A. Archibald on Saturday evening.

Mr. Tom Smith, Peterborough, spent week with his brother, Mr. Robert Smith.

Mr. and Mrs. Howard Paton and family called on Mr. Paton's parents, Mr. and Mrs. Elias Paton, on Sunday.

Miss Hattie Cutting received a beautiful gold watch, set with diamonds, at a Toronto firm's 25-year club inaugural dinner on Thursday.

A special rally day service will be held on Sunday at 11 a.m. at Pottageville United Sunday-school. Hudson Bowman will be the guest speaker. Spiritual music will be given by the Stone family. A cordial invitation is extended to all to attend this service.

Mr. and Mrs. George Wilder and family spent Sunday afternoon with Mrs. Wilder's parents, Mr. and Mrs. Silas Groombridge.

DOWN THE CENTRE

(Continued from Page 6)
the training centre there and were a bit surprised to be defeated 7-5. They were a disappointment to their supporters but the truth is these boys from No. 23 are pretty weary right now.

Most of the boys are playing hardball, Paisley, Exbly, Callanan, McComb, Hayward, Fennel, Gantner, Cunningham and Avison for sure. Exbly and Callanan are also playing softball in the Beaches league. That means that since early June the majority of these lads have been going steadily four and in some cases more nights per week. Travelling adds to the difficulty, with Borden being a frequent jaunt twice a week, so the trip to North Bay in itself was handicapping a tired bunch of boys by about the winning margin.

We know little about the North Bay team. Their pitcher, Tropan, is said to be pretty fair and St. Denis, who was the spare goalie for Brampton, caught for them. In any case our old friend, Ralph Adams, didn't go too far overboard for them in his sports column all year.

Ralph probably got quite a kick out of seeing his newly acquired first love, defeat the soldiers from his home town. Either way he had little to lose. One thing about Ralph is he is always behind his teams 100 percent.

We understand the North Bay team finished first in the Gateway City league and along with the fourth place R.C.A.F. team had to drop out of the play-off because of the new army ruling on sport. We don't think the winner of the Newmarket-North Bay series could expect to go much further in any case for there are some really strong teams in Toronto, Brampton and Sudooe. Strong particularly in the pitching.

A wonderful trip is reported by the canoers and they took consolation out of the fact the C.W.A.C. cutters from No. 23 defeated North Bay girls handily and look now as if they might really go places in the district play-offs.

How much can a softball bat weigh? That is a question causing a lot of thought in the C.A.C. softball finals. Pitcher Chow, Thorne of No. 2 C.A.C.T.R., who batted out two homers in the second game of the series to give the lead to his team, was the recipient of a questionnaire by the Redmen in last Thursday's game in Newmarket. This game provided plenty of excitement and ended up as no contest, being called by the officials due to a combination of rain and darkness.

Newmarket thought Thorne's bat to be "loaded." No. 2 claimed otherwise. Measurement found it o.k. for length and the right size in diameter, while an examination of the end did not indicate the bat had been tampered with or was out of the ordinary. The rule book says "The bat must be round and entirely of hardwood. Maximum dimensions, 2 1/8" diameter, 31" length." Nothing is said about weight.

Those who examined the bat say it felt much heavier than the ordinary run of softball bats, in fact as heavy or heavier than most baseball bats. Perhaps from it all will emerge a ruling in future years as to weight. Meanwhile, what to do about it. If the bat is saved it will be useless again, so that x-ray treatment seems to be the procedure to be followed.

As of the weekend the series stood one game in favor of No. 2 with two more scheduled games and the possibility that the series would extend into the month with one game tied, one game ruled out, one game no contest and one game postponed because of the Orillia vs. Newmarket game. The last two games if necessary are booked for Borden. We do not recall a similar situation in district softball, particularly the bat situation, and it is hoped it will be cleared up satisfactorily.

Cpl. Paul Knowles, former Aurora high school and junior hockey athlete, tried his hand at soccer this month for the first time in six years as a member of the round ball team from Orillia camp. Orillia proved one of the dark horses of the C.A.C. cup series, eliminating the strong T. and S. team but falling after quite a good game against the No. 3 team who, along with Newmarket, are now the finalists. Paul played a strong game.

R.S.M. Charlie Burgess of Orillia was also member of the team. Mr. Burgess comes from Willowdale and was a member of a team that contra had in a district league about 12 years ago when Aurora, Maple, Connaught and Emery, all soccer hotbeds, had a league which was won by Maple, or Vellore, as the team was called if memory serves rightly.

Paul Paquette, aco defenceman of Barrie Juniors in 1939-40 when they were eliminated by Aurora Tigers, has been wounded in action in France. Paquette, a North Bay boy, was a dandy and was a member of the first all-star hockey team picked for this column.

Hunters this year will be able to get 50 shells for shotguns and 100 cartridges for rim fire rifles. This applies to persons who had registered firearms prior to August 16, 1944. Gun registration certificate and ration book will have to be shown at the time of purchase and the expiry date is Dec. 31.

This is not a great deal so that the fellows will have to make sure they sat something before they fire. Dot shots will be at a minimum. The situation is at least improved and it should be better next year.

Newmarket born, Aurora educated, Hastings hometown boy, Bill Clapper, will again be the dean of professional players. Aubrey has been up there for 17 years and starts his 18th year, in other words he was playing pro hockey before some of the boys who will be playing were born.

Rowan of Barrie, Gallagher of Dundas, Ezekieli and Bennett of Oshawa will be some of the promising young talent on display. We understand Joe Scherolt of Milton may get a transport visa across the border.

Johnny Gottschling of the Black Hawks. If he plays this year, will take that title from Clapper for he is a year older, having been born in Bismarck in 1906. Next oldest player to these two is another

MUTUAL LEADER HONORED

R. L. LANGFORD

The Mutual Life of Canada has released its Honors List, recognizing Mr. R. L. Langford of Newmarket for outstanding service to his community in the Club Year recently closed. He is a member of the senior production group, the Quarter Million Club.

Qualification for this club is based not only on the large volume of protection underwritten, but also on a high personal standard of confidential service to policyholders.

ward with Brampton Bullets last year and leading scorer in the league play-offs has received an honorable discharge from the army and is back in his hometown, St. Catharines, where he is assisting the leading stick artists of the Gardiner City in their drive to the O.A.A.A. senior championship. Few people realize the injuries received over the years by puck stars which often make them unsuited for the tough grind of Canada's soldiers.

Thorpe, who is listed on the reserve strength of the Detroit Red Wings, will likely try out for the Detroit team this fall and on the strength of his performance last winter should have no difficulty in making the grade. Seems hard to believe that category men can give their best in hockey and be pretty good but that is the case all through the professional and senior amateur circuits in the "fastest sport in the world."

Headed for a discharge too is Jim Bend of New York Rangers who performed sensational with No. 2 C.A.C.T.R. last winter. Mr. Bend was a mighty good soldier. He has been tampered with or was out of the ordinary. The rule book says "The bat must be round and entirely of hardwood. Maximum dimensions, 2 1/8" diameter, 31" length." Nothing is said about weight.

Those who examined the bat say it felt much heavier than the ordinary run of softball bats, in fact as heavy or heavier than most baseball bats. Gun registration certificate and ration book will have to be shown at the time of purchase and the expiry date is Dec. 31.

This is not a great deal so that the fellows will have to make sure they sat something before they fire. Dot shots will be at a minimum. The situation is at least improved and it should be better next year.

Newmarket born, Aurora educated, Hastings hometown boy, Bill Clapper, will again be the dean of professional players. Aubrey has been up there for 17 years and starts his 18th year, in other words he was playing pro hockey before some of the boys who will be playing were born.

Rowan of Barrie, Gallagher of Dundas, Ezekieli and Bennett of Oshawa will be some of the promising young talent on display. We understand Joe Scherolt of Milton may get a transport visa across the border.

Johnny Gottschling of the Black Hawks. If he plays this year, will take that title from Clapper for he is a year older, having been born in Bismarck in 1906. Next oldest player to these two is another

VANDORF

LAC Wilmot Pattenden arrived from Portage la Prairie on Sunday morning to spend a furlough with his parents, Mr. and Mrs. Colin Pattenden. From here he will go to his new station at Lachine, Que.

Harold Middle, Aurora, preached at Wesley church on Sunday morning. His sister sang a beautiful solo.

Queensville Y.P.U. visited Wesley Y.P.U. on Thursday evening.

Mrs. Kenneth Babcock, John and Mary, Toronto, spent the weekend with Mrs. Babcock's parents, Mr. and Mrs. J. J. Switzer.

Chicago veteran, Mash March, who was born in 1909, March, in the spring and summer months, is a golf professional at one of the best clubs in the Windy City and picked up a fair amount of change in tournament play the past year.

We have covered the oldest players on both Boston and Chicago and completing the circuit we find Ott Heller, defence star to be sage of Lester Patrick's Rangers at the age of 35, Lorne Carr, potent scoring ace of the Toronto Leafs being the oldest at 34 for the Toronto team with Dave "Sweezy" Schreiner, making a comeback this winter after a year with the amateurs, next in line a few months younger.

Don Gross, better known as "The Count," born in 1911, is the veteran of the years with Detroit Red Wings, with Syd Howe, whom we saw as an amateur play against Mash March in the east vs. west series, next in line.

Toe Blake, whose right moniker is Hector, at 31 is the father of the championship Lee Canadiens, though goalie Bill Duran can't be far behind, both boys being members of the Sudbury team who played against the Newmarket Redmen in 1932-33 as they went for a dominant junior title.

Ray Getliffe of the Flying Frenchmen, who was with Stratford juniors the same year, must be about tied with Blake and Duran from the age angle. Bill Thoms, in case you're interested, is, according to the record books, in his 35th year, being born in 1910.

Strictly speaking there are only five players at the 31-35 mark or more. We have been reading or listening to the radio about the hockey stars for so many years that we are often prone to regard them as older. We forget some have made the grade as early as 17 and very few after the 22 mark. Youth must be served but it is remarkable to see so many playing after the 30 mark.

Urban Morrison, another star for No. 2 and also one of the best of Stratford Juniors, is likewise on the verge of receiving his ticket and will according to what we hear be on ice for Happy Emms' St. Louis Flyers. Morrison is exceptionally fast and was used by T. and S. Wing in the series against Brampton.

Since last winter such boys as Gar Preston, Hank Goldup, former Toronto Maple Leaf player, and Ray "Junior" Hilliard of No. 2 and Stratford Juniors have been relegated to civilian life. Advance press notices concerning the Leafs does not include Goldup in the line-up but don't be surprised if he is on hand when Happy Day and his gang pull into Owen Sound for final training. Hilliard, who is a chattel of the Buffalo club, is expecting to be on hand for Eddie Shore this winter.

Major Garfield Case of Owen Sound, former Aurora boy, made the announcement to the sports world that the Toronto club would forsake St. Catharines and train at Owen Sound. This caused considerable eye-lifting and some teeth-gnashing by the Toronto sports writers, so carefully was the news guarded and quietly released by the Maple Leafs' Guards, Toronto.

We agree they have something there and Ken Walls of the Barrie Examiner sums up pretty well the feeling of sports series when he says: "We don't blame them. Leafs play their games in Toronto and depend on the city papers for support. If news about Barrie Colls was released to us by Bradburn or Alliston, we'd find very little space for it in this journal." That goes in spades for yours truly.

Too many people want publicity along certain lines and yet when they have some really newsworthy bits give it to somebody else or keep it well hidden, taking time and effort to dig it out. Funny part too is if you fail to carry it they are disappointed, expecting you to be mind reader in a good many instances. We must say this isn't so in the great majority of cases, but it does happen often enough to become annoying.

Horley Calm in a few weeks will report for action with the Boston Bruins. It will be his 12th season in the big leagues. As will be remembered it was with Montreal Maroons he made his debut and with the exception of part seasons in the minors he has been up with the best, Les Canadiens and Bruins. Last year was his crowning glory that took the N.H.L. scoring title.

Test On Fire Engine
Paves Way To R.C.A.F.

By MRS. J. BYNARD

Few women get a chance to take

their driver's test on a fire engine.

LAW I. J. Bombi (see Isla Allan,

Zephyr, R.C.A.F. (W.D.), did just

that to qualify for the motor trans-

port corps. Now she is at No. 3

Wireless school, Tuxedo.

Hailing from Toronto, LAW

Bombi and her husband enlisted in

the air force. He is overseas now

and she is doing all she can to get

there too.

Prior to enlisting Mr. Bombi was

a fumigator and Mrs. Bombi was

a correspondent of the Toronto

Daily Star.

Duty in the motor transport corps

involves in the driving of large trucks,

ambulances and station wagons.

It means getting down on your

knives to change a tire. It means

Unleashing with a greasy carburetor

and trying to get your car out of

that mud which keeps slipping up around

your neck. But the girls take a

four-weeks' course to prepare for

these incidents.

LAW Bombi loves her work but

says there's not much to talk about

there. She just takes people where

they want to go and that's that.

Her greatest ambition right now

is to get overseas with her hus-

band and her brothers, First

Officer John Allan, merchant navy,

and Cpl. David Allan, R.C.A.M.C.

Mr. and Mrs. Howard McKeown,

Toronto, visited Mrs. McKeown's

parents, Mr. and Mrs. Tillman

Meyers last Wednesday.

Mr. and Mrs. Jim Heaton and

Kenneth spent the weekend with their

parents.

Miss Verna Longhurst is spending

a few weeks with her aunt,

Mr. and Mrs. Len Pilkey and

Grant, Oshawa, spent the weekend

with Mrs. Pilkey's brother-in-law

and sister, Mr. and Mrs. Wait

Meyers.

Mr. John C. Morrison, Minneapolis, Minn., is spending a few days with his sister, Mrs. C. B. Lockie, and family.

Quite a number attended the

anniversary services at Ashworth

on Sunday morning and evening.

Mrs. P. Thomas and Bruce are

spending a few days at Hart Lodge, Minden.

Miss Marguerite Lockie left on

Monday for Toronto where she will

attend university to take a course

in dental nursing.

Congratulations to Mr. Richard

Curt who celebrated his 86th birth-

day on Saturday, Sept. 18.

Next Sunday being rally day,

Sunday-school will be in the after-

noon at 1:30.

Mr. and Mrs. R. A. Armstrong

and Mrs. Wm. Cuth spent last

Tuesday in Toronto.

Harvey Morrison is recovering

nicely after undergoing an appendi-

cotomy operation in York County

hospital on Sunday.
